"Oil Barrier" type 2-needle flatbed interlock double chain stitch machine with top cover thread for attaching side pocket facing

For attaching side pocket facing!

Subclass specifications

Attaching side pocket facing	W3522AHP-01F×264	No. of needles	No. of threads	(mm)	(mm)	10	10	(mm)
		2	5	6.4	3.3	0.5-1.3	7	5,000

※Option: KH device(Flat type vacuum thread chain cutter)

① Reduces the number of operations from two to one!

A side pocket attaching operation traditionally needs two operations, serging a side pocket facing and attaching it on the pocket using a lockstitch machine. However, this machine performs both of these two operations, drastically reducing time and labor, and increasing production efficiency.

③ Block oil leakage!

The needle bar includes a newly designed oil seal and bushing, exerting dramatic "Oil Barrier" effectiveness, preventing oil leakage and oil splashes. And maintenance is very simple and easy, such as change the oil seal.

eco

This feature reduces oil stains on sewn products, decreasing the use of stain remover. The W3500P series is a reliable sewing machine that creates a clean work environment and contributes to global environmental protection.

② Produces beautifully-finished seams

Features special gauges which make the machine easily turn a small curve, and various designs that increase production efficiency. In addition, a relaxed double chainstitch formation is available, which produce beautifully-finished seams.

④ User friendly

- Detachable looper thread take-up
- Easy maintenance

This Anti-copy (-counterfeit) Sticker certifies that the sewing machine is a genuine product of PEGASUS SEWING MACHINE MFG. CO., LTD. If you look at this sticker through an exclusive "viewer," an original PEGASUS hidden image will appear.
