## 【NEW PRODUCT】

### Releasing new products, the M900/DJ series

Pegasus' first Electronically Integrated Direct Drive Sewing Machine  
designed in collaboration with JUKI Corporation

PEGASUS SEWING MACHINE MFG. CO., LTD. (Headquarters: Fukushima-ku, Osaka Executive President & Representative Director: Mr. Shigemi Mima) will release M900/DJ Series (Electronically Integrated Direct Drive Sewing Machine) from April, 2022.

The M900/DJ Series is a compact industrial sewing machine that features an integrated direct drive motor, control box and operation panel. In addition, this series is equipped with a pneumatic waste collection system (LC), presser foot lift (PL) and a LED light that is easy on your eyes.

Thanks to the sensor control system, the M900/DJ20 detects the fabric edge, and settings for the automatic thread cutting is available. Safety control for defending malfunctions can prevent operators from accidentally cutting fabric or injuring themselves.

Safety stitch machines and overedgers are included in the M900/DJ Series lineup.

See PEGASUS WEBSITE for more information.
